

**Attention:**

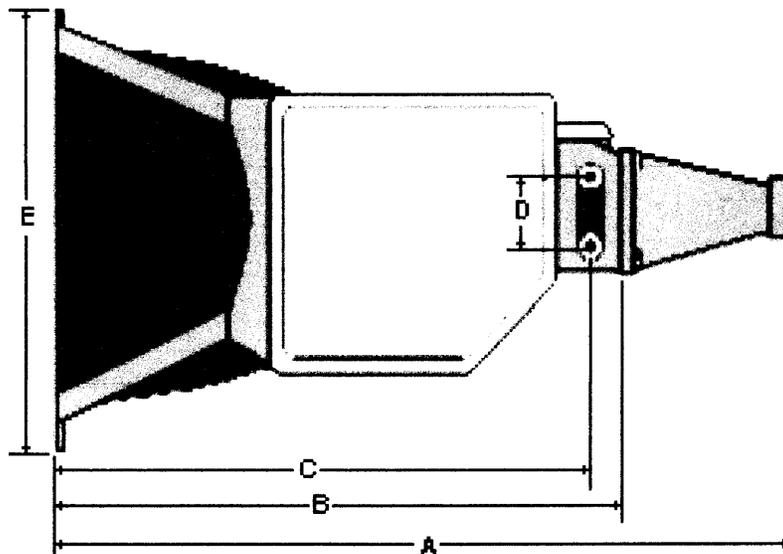

Summit Racing is open and ready to help keep you on the road. While there may be some delays, we are doing our best to provide the service you've come to expect.

The Summit Racing Website is here 24/7 to place an order, check order status, or start a return.

Our Help Center has been updated with the changes we're making. Please search for an answer to your question below.

# Chrysler 3 Speed Transmission Dimensions

## Torqueflite A-727 and A-904 Transmission Measurements

\*\*Dimension "C" is the distance from the bellhousing to the center of the transmission housing. The mount is usually part of the extension housing. The image shows it as part of the main housing. In reality, Dimension "C" is longer than Dimension "B".\*\*

**A-727 (36RH, 37RH)**

Style	A	B	C	D	E
Small Block	34 3/8 in.	16 in.	23 3/4 in.	2 3/4 in.	18 in.
